

Typhoid

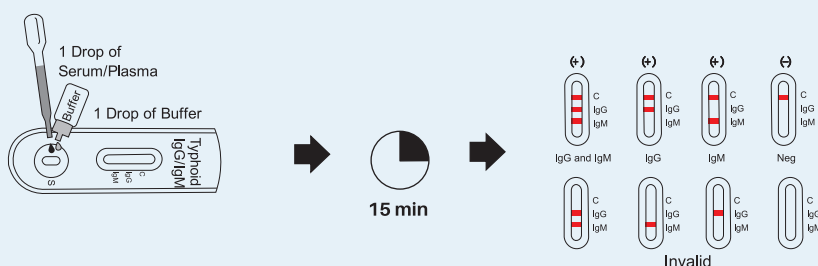

The **Typhoid IgG/IgM Rapid Test** is a rapid, qualitative and differential test for the detection of IgG and IgM antibodies to *Salmonella typhi* (*S. typhi*) and paratyphi in human serum or plasma. It is for *in vitro* diagnostic use only and is intended as an aid in the earlier diagnosis of infection with *S. typhi* and paratyphi.

Materials Provided

- Typhoid Rapid Test Cassettes
- Droppers
- Buffer
